

BESPOKE SECURE FIXED INTEREST BOND II PROTECTED OPTION

BESPOKE
Investments Limited

The Bespoke Secure Fixed Interest Bond II – Protected Option is an innovative investment strategy designed for private investors seeking returns greater than the best deposit rates currently on offer without any risk to their capital.

This product offers investors exposure to world fixed interest markets through the Barclays Capital Atlantic Exceed Index, an absolute return fixed interest based investment index giving potential for strong steady returns regardless of the market environment. This bond is suitable as a standalone investment or as part of the process of constructing a genuinely diversified capital protected investment portfolio.

The Right Time, The Right Investment

Analysts continue to try to predict what lies ahead for us in terms of financial markets and global economies. There continues to be much debate about whether financial markets and the world economy are;

- 1) at the beginning of a strong recovery (a 'V' shaped recovery)
- 2) in the middle of a significant rally which will ultimately fizzle out and a 'double dip' recession will soon resume (a 'W' shaped recovery) or
- 3) that whilst we may have hit bottom, we will remain here for a prolonged period before true growth emerges (a 'U' shaped recovery).

It is fair to say that arguments exist which could justify any one of the above scenarios. Only upon reflection, probably some 18-24 months from now, will it become evident which one of these scenarios turns out to be the 'correct call'.

Bespoke Investments Limited believe that The Bespoke Secure Fixed Interest Bond II is the optimum investment product for the current uncertain market environment, gaining exposure to an asset class that is highly significant and should offer strong potential going forward.

The Underlying Investment Index

The Bespoke Secure Fixed Interest Bond II Protected Option is a 3 year 11 month 100% capital protected investment, with the underlying investment being 200% participation in the Barclays Capital Atlantic Exceed Index. This is an absolute return rules based managed index that has provided excellent returns in volatile times since going live in February 2008.

Should the Bespoke Secure Fixed Interest Bond II Protected Option's underlying investment index, the Barclays Capital Atlantic Exceed Index, equal it's performance since going live in February 2008 to end July 2010, investors in the Bespoke Secure Fixed Interest Bond II Protected Option would receive hypothetical annualized returns of 6.02% per annum gross.
